Contributory Overview

Fund 119, Contributory Fund, was established in FY 2001 to reflect General Fund support for agencies or organizations that receive County contributions. Funding for these organizations was previously included in the General Fund under Agency 88, Contributory Agencies. However, because the expenditures made to these organizations are not in support of direct County operations, the use of direct expenditures from the General Fund distorts the cost of County operations. Therefore, a separate fund was established to show the General Fund support of these organizations in the form of a transfer, rather than as a direct expenditure. FY 2006 funding totals \$10,528,301 and reflects an increase of \$583,910 or 5.9 percent over the *FY 2005 Revised Budget Plan* funding level of \$9,944,391. The required Transfer In from the General Fund is \$10,528,301. Individual contributions are described in detail on the following pages.

Contributory funding is in compliance with the Board of Supervisors' policy to make General Fund appropriations of specified amounts to various nonsectarian, nonprofit, or quasi-governmental entities for the purpose of promoting the general health and welfare of the community. Contributory Agency positions are not part of the County merit system and funding for all Contributory Agencies is reviewed annually. Each request is reviewed on the basis of the benefit to Fairfax County citizens, contractual or regional commitments, the responsibilities of state agencies, and a prior County commitment of funding. When appropriate, a nonprofit agency that provides specific contractual partnership services may be referred to Fund 118, Consolidated Community Funding Pool, for funding consideration by the Consolidated Community Funding Advisory Committee.

Since public funds are being appropriated, disbursements provided to designated agencies are currently made contingent upon submission and review of quarterly, semiannual and/or annual reports. This oversight activity includes reporting requirements prescribed by the County Executive, which require designated agencies to accurately describe the level and quality of services provided to County residents as well as the overall financial strength and stability of the County's Contributory Agencies. Various County agencies may be tasked with oversight of program reporting requirements. Contributory agencies that do not file reports as requested, may, at the discretion of the County Executive, have payments withheld until appropriate reports are filed and reviewed.

It should be noted that population is used by several of the organizations as the basis for their requests for FY 2006 funding from Fairfax County. The population figures cited by the individual organizations for Fairfax County may differ somewhat from one another due to the particular projection service utilized.

The chart on the following pages summarizes the FY 2006 funding for the various contributory organizations.

FY 2006 Funding Adjustments

The following funding adjustments from the FY 2005 Revised Budget Plan are necessary to support the FY 2006 program:

- ◆ The Legislative-Executive Functions/Central Service Agencies program area increases \$106,264 or 6.0 percent for several organizations based on per capita requirements and adjusted County population figures for which population is cited and used in the calculation. This increase is primarily attributable to the Northern Virginia Regional Commission (NVRC) contribution, which increases \$64,295 or 15.0 percent based on an increase in the per capita dues from \$0.38 to \$0.44, which is an increase of \$0.12 since FY 2004; the Metropolitan Washington Council of Governments (MWCOG) contribution, which increases \$27,181 or 3.5 percent due to the increase in County population and an increase in the FY 2006 per capita rate from \$0.58835 to \$0.60482 for member contributions based on the CPI-U for the Washington-Baltimore-DC-MD-VA-WV area; and dues increases totaling \$16,682 for the National Association of Counties, the Virginia Association of Counties and the Virginia Municipal League. These increases are partially offset by a decrease of \$1,894 or 1.1 percent for the Northern Virginia Transportation Commission (NVTC) based on the share of revenue to be received by NVTC on behalf of the County. It should be noted that population, as determined by the County's own Urban Development Information System (UDIS), maintained by the Fairfax County Department of Systems Management for Human Services, may differ from other particular projection services, e.g., Weldon Cooper Center for Public Service, used by various contributory agencies as the basis for their contributions.
- ◆ The Public Safety program area increases \$45,328 or 11.2 percent due to an increase for the Northern Virginia Regional Identification System (NOVARIS) based on the County's annual share of costs associated with operations and upgrades of the system. The increase is primarily due to maintenance/service fees to recognize post-warranty maintenance agreements, as well as contractually agreed upon annual increases.

Fund 119

Contributory Fund

- ◆ The Health and Welfare program area increases \$86,247 or 6.2 percent due to an increase for the Northern Virginia Healthcare Center/District Home. This is mainly attributable to an increase in the per diem rate for the District Home from \$46.24 to \$53.40, a 15.5 percent increase and an increase in the per diem for the nursing facility from \$18.85 to \$19.55, a 3.7 percent increase due to rising staff costs in recent years including employee health insurance, as well as increased professional and general liability insurance premiums, in conjunction with Medicaid rates that have not kept pace.
- ◆ The Parks, Recreation and Cultural program area increases \$165,016 or 5.3 percent due primarily to an increase of \$111,721 for the Northern Virginia Regional Park Authority to support the County's annual per capita contribution in conjunction with decreased user revenue for that organization, as well as \$3,295 for the Arts Council of Fairfax which has historically received a Personnel Services adjustment. In addition, as part of the Board of Supervisors' adjustments to the FY 2006 Advertised Budget Plan, non-recurring funding of \$50,000 was included for the Greater Reston Arts Center (GRACE).
- ◆ The Community Development program area increases \$181,055 or 5.7 percent primarily due to an increase of \$127,102 for the Northern Virginia Soil and Water Conservation District contribution, which includes an increase of \$26,727 for salary adjustments and \$100,375 for the Soil Survey Project. Annual expenditures for this project were anticipated to be \$195,000; however, a delay in finalizing the agreement with the federal government resulted in the carryover of funding in the initial years. With that funding drawn down and minimal carryover projected for FY 2006, the County's contribution will increase. The contribution to the Southeast Fairfax Development Corporation increases \$42,391 or 29.8 percent to fund continued revitalization efforts in the Route One Corridor. In addition, the Northern Virginia Conservation Trust increases \$7,518 for an inflationary adjustment based on the CPI-U of 3.0 percent; the Occoquan Watershed Monitoring Program increases \$4,458 or 4.7 percent based on Fairfax County's share of the cost; the contribution for Celebrate Fairfax, Inc. increases \$801 or 3.0 percent based on the cost of collection and disposal of waste for the annual Fairfax Fair; and the contribution to the Washington Area Housing Trust Fund increases \$223 or 0.7 percent based on the County's share. These increases are partially offset by a decrease of \$1,438 or 1.5 percent for the Northern Virginia Community College based on the County's share of the population served.
- ◆ The Nondepartmental Program area funding is consistent with the FY 2005 contribution of \$57,657 for the Fairfax Public Law Library.

Board of Supervisors' Adjustments

The following funding adjustments reflect all changes to the FY 2006 Advertised Budget Plan, as approved by the Board of Supervisors on April 25, 2005:

- ◆ The Board of Supervisors approved non-recurring funding of \$50,000 for the Greater Reston Arts Center (GRACE).

Changes to FY 2005 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2005 Revised Budget Plan since passage of the FY 2005 Adopted Budget Plan. Included are all adjustments made as part of the FY 2004 Carryover Review and all other approved changes through December 31, 2004:

- ◆ As part of the FY 2004 Carryover Review, the Board of Supervisors approved an expenditure increase of \$27,500 including \$17,500 for National Association of Counties' dues since they are no longer included in the membership payment to the Virginia Association of Counties, and \$10,000 for the Wildlife Rescue League based on the volume of that organization's activity in Fairfax County.

Fund 119 Contributory Fund

The following funding adjustments reflect all approved changes to the FY 2005 Revised Budget Plan from January 1, 2005 through April 18, 2005. Included are all adjustments made as part of the FY 2005 Third Quarter Review:

- ◆ The Board of Supervisors made no adjustments to this agency.

FY 2006 Adopted Budget Plan Contributions

Legislative-Executive Functions/Central Service Agencies:

Fairfax County	FY 2004 Actual	FY 2005 Adopted Budget Plan	FY 2005 Revised Budget Plan	FY 2006 Advertised Budget Plan	FY 2006 Adopted Budget Plan
Dulles Area Transportation Association	\$9,000	\$9,000	\$9,000	\$9,000	\$9,000

The Dulles Area Transportation Association (DATA) is a public-private, nonprofit, 501c(3) tax exempt transportation management association dedicated to improving transportation in a 150-square mile area around Dulles Airport including the Route 28, Route 50, Route 7 and Dulles Corridor (the Greater Dulles Area). Its membership is comprised of elected officials of the Commonwealth of Virginia, Fairfax County, Loudoun County, and the towns of Herndon and Leesburg; senior executives of the Metropolitan Washington Area Airports (MWAA) and the Washington Metropolitan Area Transit Authority (WMATA); and other employer firms, property owners and business professionals, with membership open to all. The Board of Supervisors approved the first contribution for DATA in the FY 1993 budget.

DATA currently has 132 members; 75 are dues-paying individuals and businesses, 10 are dues-paying governmental or quasi-governmental organizations, and 47 are non-paying local representatives to the General Assembly, representatives of citizen associations, and affiliate members (e.g., Fairfax County Chamber of Commerce), none of whom are obligated to pay dues.

DATA provides a neutral public forum for identifying transportation needs within the Greater Dulles Area and generating solutions to meet them. In Calendar Year 2005, DATA will continue ridesharing awareness and development programs, e.g., Share the Ride Days, at member employer sites in the greater Dulles area; employ more surveys using the Metropolitan Washington Council of Governments (COG) model; develop localized, employer-based ride-matching programs and other selected programs in cooperation with the Fairfax County Employer Outreach Team and COG. In support of the regional effort to encourage voluntary, employer-based Traffic Demand Management (TDM) strategies by employers in Northern Virginia, by agreement with the County, DATA will continue to be responsible for outreach efforts to employers in DATA's area of operation.

An amount of \$9,000 is recommended for DATA for FY 2006, which is consistent with the FY 2005 Revised Budget Plan.

Fairfax County	FY 2004 Actual	FY 2005 Adopted Budget Plan	FY 2005 Revised Budget Plan	FY 2006 Advertised Budget Plan	FY 2006 Adopted Budget Plan
Metropolitan Washington Council of Governments	\$758,933	\$783,225	\$783,225	\$810,406	\$810,406

The Metropolitan Washington Council of Governments (COG) is the regional planning organization of the Washington, D.C. area's local governments. COG works toward solutions to regional problems such as transportation, affordable housing, emergency preparedness and environmental issues. Currently, 18 area jurisdictions are members, including Fairfax County. Funding for COG is provided through federal and state grants, contributed services, special contributions (fees for services) and local government contributions.

Fund 119 Contributory Fund

Annual COG contributions are based on the per capita rate multiplied by the population estimates provided by member jurisdictions. The COG Board of Directors' Finance Committee endorsed a recommendation by the Executive Director to increase the FY 2006 per capita rate from \$0.58835 to \$0.60482 for member contributions based on the CPI-U for the Washington-Baltimore-DC-MD-VA-WV area.

The FY 2006 Administrative Contribution totals \$638,186 and is an increase of \$21,549 or 3.5 percent over the FY 2005 Revised Budget Plan amount of \$616,637. COG calculates each jurisdiction's share based on the region's estimated population. The total FY 2006 County contribution to COG is \$1,044,255. In addition to the Administrative Contribution of \$638,186 and Special Contributions of \$172,220 including \$121,899 for the Regional Environmental Fund, \$30,597 for Water Resources, \$14,774 for Airport Noise, and \$4,950 for Cooperative Purchasing, for a total Fund 119 contribution of \$810,406, an amount of \$24,950 is budgeted in Fund 114, I-95 Refuse Disposal, and \$208,899 (\$187,953 for Water Resource Planning and \$20,946 for Blue Plains Users) is budgeted in Fund 401, Sewer Operation Maintenance Fund - Wastewater Management.

National Association of Counties	\$0	\$0	\$17,500	\$18,375	\$18,375

The National Association of Counties (NACo) is an organization that represents and informs participating governments of current developments and policies that affect services and operations. NACo acts as a liaison with other levels of government, works to improve public understanding of counties, serves as a national advocate for counties and provides them with resources to find innovative methods to meet the challenges they face. NACo is involved in a number of special projects that deal with issues such as homeland security, sustainable communities and the environment, among others.

During FY 2002, NACo began combining its dues requirements with the Virginia Association of Counties (VACo) in order to maximize their membership base. Subsequently, for FY 2003 and FY 2004, Fairfax County's dues payment to VACo included membership in both organizations. However, after adoption of the FY 2005 budget, VACo changed that policy, making it necessary to include an adjustment as part of the FY 2004 Carryover Review to fund a separate dues requirement for NACo.

An amount of \$18,375 is included for FY 2006 dues, which is an increase of \$875 or 5.0 percent over the FY 2005 Revised Budget Plan.

Northern Virginia Regional Commission	\$363,759	\$427,988	\$427,988	\$492,283	\$492,283

The Northern Virginia Regional Commission (NVRC) is a regional council of local governments in Northern Virginia created in 1969 pursuant to the Virginia Area Development Act and a regionally-executed charter. In 1995, the Virginia Area Development Act was amended and renamed the Regional Cooperation Act. It sets forth the purpose of planning district commissions as follows: "...to encourage and facilitate local government cooperation in addressing, on a regional basis, problems of greater than local significance. The cooperation resulting from this Act is intended to assist local governments in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional influences in planning and implementing their public policies and services."

NVRC's policies and programs are established by a 42-member Board of Commissioners composed of elected officials (a majority of the Commissioners) and citizen representatives. All Commissioners are appointed by the governing bodies of NVRC's 14 member localities. The work of the Commission is supported in part by contributions from the member local governments and by appropriations from the Virginia General Assembly.

Fund 119

Contributory Fund

NVRC serves as a neutral forum for decision-making; provides member governments with the information necessary to make sound local and regionally beneficial decisions; provides professional and technical services to enable member governments to plan for their future individually and as a region; and carries out programs and functions at the request of member governments to supplement their own capacities or to achieve economies of scale through regional approaches. NVRC's services are divided into regional policy programs such as the legislative program; demographics and information services; environmental and land use; and human services programs.

The total FY 2006 Fairfax County funding amount is \$492,283, an increase of \$64,295 or 15.0 percent over the *FY 2005 Revised Budget Plan* of \$427,988. This amount provides for funding the annual contribution of \$435,832, as well as special contributions of \$42,301 to support the Occoquan Watershed Management Program and \$14,150 for the Four-Mile Run-off Program. The increase is primarily attributable to an increase in the per capita dues from \$0.38 to \$0.44, which is an increase of \$0.12 or 37.5 percent since FY 2004. The NVRC cites lower state appropriations and declining reserves as reasons for the rate increase. An additional \$7,041 for the Regional Waste Reduction Program is budgeted in Fund 114, I-95 Refuse Disposal.

Northern Virginia Transportation Commission	\$160,694	\$166,577	\$166,577	\$164,683	\$164,683

The Northern Virginia Transportation Commission (NVTC) is the executive agency of the Northern Virginia Transportation District. It was established by state statute as a political subdivision of the Commonwealth of Virginia. The principal business activity of the Commission is to manage and control the functions, affairs and property of the Northern Virginia Transportation District, as defined in the Transportation Act of 1964. It represents its constituent jurisdictions (Alexandria, Falls Church, Fairfax City, Arlington County, Fairfax County and Loudoun County) on the Metro Board.

Each NVTC jurisdiction is assigned a percentage of the local portion of NVTC's administrative budget based on the jurisdiction's share of state aid received from NVTC in the previous year. This is determined by the application of a subsidy allocation model that projects the total amount of state aid received by the region and local jurisdictions. This model contains seven formulas that include such variables as Metro construction costs, Metrorail service costs, ridership volume and population. These calculated percentages for each jurisdiction are applied to NVTC's remaining administrative budget after other revenue sources such as state aid, interest earned and project chargebacks have been included.

The NVTC projected expenditure base for FY 2006 is \$1,105,185, an increase of \$7,035 or 0.6 percent over the *FY 2005 Revised Budget Plan* of \$1,098,150. Despite higher budget expenditures, Fairfax County's contribution will decrease slightly based on its share of revenue received by NVTC on behalf of the County. The total FY 2006 Fairfax County funding for this agency is \$164,683, a decrease of \$1,894 or 1.1 percent from the *FY 2005 Revised Budget Plan* of \$166,577.

Public Technology Incorporated	\$27,500	\$27,500	\$27,500	\$27,500	\$27,500

Public Technology Incorporated (PTI) is the nonprofit, membership-based technology research, development and commercialization organization for all cities and counties in the United States. Through its membership, cities and counties can conduct applied research and development, as well as technology transfer functions. The National League of Cities (NLC), the National Association of Counties (NACo), and the International City/County Management Association (ICMA) provide PTI with its policy direction. Membership helps to ensure that the County remains current on emerging technologies to keep abreast of trends, challenges and innovative solutions. In the upcoming year, PTI will focus on three priorities: Homeland Security, Decision

Fund 119 Contributory Fund

Support and Wireless Technologies. Within these categories, PTI will be working on various programs including critical infrastructure requirements for local government, distributed energy resources, smart traffic signals, multi-vendor project management and wireless mobile technologies.

An amount of \$27,500 is included for County membership in PTI based on population and is consistent with the *FY 2005 Revised Budget Plan*.

Virginia Association of Counties	\$181,134	\$189,090	\$189,090	\$200,396	\$201,480

The Virginia Association of Counties (VACo) is an organization dedicated to improving county government in the Commonwealth of Virginia. To accomplish this goal, the association represents Virginia counties regarding state legislation that would have an impact on them. The association also produces conferences, publications and programs designed to improve county government and to keep county officials informed about recent developments in the state as well as across the nation.

The FY 2006 Fairfax County contribution to VACo is \$201,480, an increase of \$12,390 or 6.6 percent over the *FY 2005 Revised Budget Plan* of \$189,090. It is anticipated that the governing board of VACo will approve that organization's final FY 2006 budget in May 2005.

The Virginia Innovation Group (VIG) is a nonprofit organization serving local governments by providing information, training and technology programs. The information services program includes inquiry research, Municipal Information Search Tool (MIST) and newsletters. MIST allows seamless Internet access to full-text local government documents by members through the IG primary server. Newsletters are provided to members periodically on innovative products, microcomputers, the Internet, and research and development. Inquiries are researched using VIG staff and a library that contains many current local government documents. Staff also conducts numerous phone interviews with various organizations. More than 2,500 local government inquiries are addressed annually. The training program utilizes informative workshops on new product development, as well as coordinates focus groups to evaluate prototypes. In addition, the training program provides access to a full line of local government-produced videos and satellite television training on topics pertinent to both management and line personnel.

During the development of the FY 1999 budget, \$5,000 was first included for membership dues to VIG for Fairfax County's share of costs based on population category. For FY 2006, these membership dues are \$5,250, the same level as the *FY 2005 Revised Budget Plan*.

year term. It is made up of an equal number of members from the state's legislative and executive branches as well as local governments.

The Institute is an ongoing informal gathering of organizational development staff from Virginia localities established to exchange ideas and strategies for developing high-performance governments and to help the Institute identify areas of needed assistance. Work products of the Virginia Institute of Government encompass four main areas: training, technical assistance, electronic information services, and select research projects. The Institute also provides staff support to certain state legislative and study committees, currently focusing on issues involving state/local relations and tax restructuring.

The Northern Virginia Regional Identification System (NOVARIS) utilizes state-of-the-art computer equipment to identify criminals by categorizing and matching fingerprints. It enables police to match a fingerprint found at the scene of a crime with any individual who has been arrested in the Washington metropolitan area by comparing the print or partial print with all prints in the database.

Participating Washington metropolitan area jurisdictions share costs associated with NOVARIS based on the sworn police population of each jurisdiction as approved by the NOVARIS Advisory Board on July 30, 1997. The following jurisdictions contribute to the upgrade and operation of NOVARIS: City of Alexandria (8.853% of total cost), Arlington County (11.438%), City of Fairfax (2.023%), Fairfax County (50.795%), City of Falls Church (0.995%), Prince William County (10.908%), Montgomery County (7.494%), and Prince George's County (7.494%). The system is housed in Fairfax County and is staffed by personnel contributed by the participating jurisdictions. Fairfax County exercises a fiduciary responsibility for the financial management and operation of NOVARIS, with the County contribution made through the Contributory Fund.

The total Fairfax County FY 2006 contribution of \$401,328 is an increase of \$45,328 or 12.7 percent over the *FY 2005 Revised Budget Plan* amount of \$356,000. The total contribution consists of \$256,497, which represents the County's annual share of costs associated with operations and upgrades of NOVARIS and \$144,831 in funding for lease agreements and other costs associated with equipment that is specific to Fairfax County operations.

The Board of Supervisors first approved funding of \$50,000 for the Partnership for Youth's mentoring program in FY 2000. The Fairfax Partnership on Youth was created in 1997 as an outgrowth of the Community Initiative to Reduce Youth Violence (CIRYV). Its mission is to bring the community together to reduce youth violence and promote positive youth development. This agency seeks to reduce youth violence by facilitating a forum for public and private providers to collaborate, evaluate and create programs, activities and services to better integrate activities, fill gaps, and avoid duplication of efforts in the provision of services to youth in the community.

Among the types of initiatives undertaken by the Partnership for Youth include coordination of the Fairfax Mentoring Partnership; provision of the Support on Suspension (S.O.S.) effort, a voluntary community-based program designed to provide students in grades 6-12 with an opportunity to stay abreast of academic work while out of school due to suspension; the Fairfax County After-School Network for middle school-age youth to minimize involvement in violence or other risky behaviors; youth services information to provide the community with needed resources; advocacy for youth on issues affecting them; and the Youth Depression and Suicide Prevention Task Force to study and reduce risk factors for young people.

The Fairfax County contribution for FY 2006 of \$50,000 is consistent with the *FY 2005 Revised Budget Plan* and will be used to supplement funds received from the Commonwealth of Virginia as well as corporate and other private funding sources.

As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved funding of \$51,678 for the George Mason University (GMU) Law and Mental Illness Clinic. In commitment proceedings, the individual against whom the commitment proceeding is brought is invariably represented by appointed counsel, while the family petitioning is rarely represented and is generally not familiar with the rules of evidence or the information required to persuade a judge to order commitment for the individual in severe mental distress. The GMU Law School previously maintained a program in which third-year law students provided representation for families seeking commitment of a relative in acute mental distress. However, that program was discontinued due to lack of funding. The classroom component includes study of the history and development of laws affecting the mentally ill in order to prepare law students to represent petitioners during civil commitment hearings.

Health Systems Agency of Northern Virginia	\$86,750	\$86,750	\$86,750	\$86,750	\$86,750

The Health Systems Agency (HSA) of Northern Virginia is a regional body charged with coordinating and improving the health care system for Northern Virginia. To accomplish this, the agency establishes short-term objectives and long-range goals, as well as prepares annual implementation plans. In addition, HSA reviews all health-related federal grant applications submitted by participating jurisdictions to evaluate the need for new health services in the area. Member jurisdictions include the counties of Fairfax, Arlington, Prince William and Loudoun, as well as the cities of Fairfax, Alexandria, Manassas and Falls Church. Funding contributions to HSA from local jurisdictions are encouraged but are not required.

The Health Systems Agency established a per capita contribution standard of \$0.10 approximately ten years ago. Although Fairfax County has grown significantly in population since that time, the Health Systems Agency's local jurisdiction contribution requests have remained constant due to contributions from other sources. In FY 2006, revenue of \$472,201 is projected to be received from four sources: the Virginia Department of Health, \$88,792 or 18.8 percent; grants and contracts, \$203,120 or 43.0 percent; local government contributions, \$178,671 or 37.8 percent; and interest earnings and miscellaneous income of \$1,618 or 0.3 percent. Fairfax County is the largest local government contributor, providing \$86,750 or 48.6 percent of the support received from the local government units.

The FY 2006 Fairfax County funding amount for the Health Systems Agency is \$86,750, which is the same level as the *FY 2005 Revised Budget Plan*.

Northern Virginia Healthcare Center/District Home of Manassas	\$860,672	\$976,381	\$976,381	\$1,062,628	\$1,062,628

The counties of Fairfax, Fauquier, Loudoun and Prince William as well as the City of Alexandria established the Northern Virginia Healthcare Center Commission in 1987. Each jurisdiction is represented by a member on the Commission, which operates a long-term healthcare facility that opened in May 1991 and maintains 180 nursing home beds at the Northern Virginia Healthcare Center (nursing facility). The Northern Virginia Healthcare Center provides nursing care on a 24-hour basis, which includes professional observation, administration of medications and physician-prescribed treatments. Other services include special diets, recreational activities, physical and occupational therapy, and arrangements for physician, laboratory and radiology services.

The nursing facility is adjacent to the adult care residence (District Home), which is operated through an agreement with Birmingham Green Adult Care Residence. This 64-bed facility is also under the auspices of the Commission. This facility primarily provides room and board, along with assistance in activities of daily living for the aged and homeless. Nursing consultation is available, and medical services are arranged either through the staff of the nursing home or other community services. Residents are admitted based on sponsorship by their jurisdiction's Public Welfare/Social Services Department. The District Home is a shelter for the aged and homeless who are indigent but self-sufficient, mobile and independent in their activities. The combined facilities are commonly known as Birmingham Green.

Operating costs for the facility are partially covered through the Medicaid and General Relief programs at the maximum rates established by the state. To the degree that these funds are inadequate to cover the full costs of the operation of the facility, the sponsoring jurisdictions then subsidize the home on a user formula basis. Each jurisdiction pays for Personnel Services and Operating Expenses at a level proportionate to the number of the jurisdiction's residents at the home. The estimated contributions included in this budget are for planning purposes. Each jurisdiction is billed for its utilization based on the actual number of beds per day, month and year.

From 1992 to 2001, jurisdiction contributions were held artificially low primarily due to increased Medicaid reimbursement rates, the refinancing of general revenue bonds that decreased interest expense, and the conversion of beds from assisted living to nursing home, which more than doubled the other revenue for these services. However, by FY 2002, Medicaid shortfalls and shortages of licensed nursing professionals, which drove up labor costs, resulted in significant increases to participating jurisdictions despite a relatively stable census served at the facility. In FY 2004, continued Medicaid shortfalls, a 90 percent increase in liability insurance based on the market, and health insurance and workers compensation premium increases resulted in an increase of 53.7 percent in Fairfax County's contribution.

The total FY 2006 Fairfax County recommended funding for these facilities is \$1,062,628, which is an increase of \$86,247 or 8.8 percent over the *FY 2005 Revised Budget Plan*. This is primarily due to an increase of 15.5 percent in the subsidy rate for the District Home from \$46.24 per day to \$53.40 per day based on labor costs and increases in health insurance premiums as well as increased professional and general liability insurance premiums. The rate for the nursing facility is projected to increase 3.7 percent, from \$18.85 to \$19.55 per day.

Volunteer Fairfax is a private, nonprofit corporation created in 1975 and incorporated in the Commonwealth of Virginia. The center promotes volunteerism through a network of over 700 nonprofit agencies by mobilizing people and other resources to improve the community. Its primary goals are: to assist private nonprofit and public agencies in developing strong, efficiently managed organizations and volunteer programs; to increase corporate and citizens' direct involvement in the community; to provide programs and services through partnerships that contribute to the resolution of community issues; and to increase the public's awareness of both the need for and the benefits of volunteer service to the Fairfax County community. Through a comprehensive strategic planning process in 2003, Volunteer Fairfax's Board of Directors revised the center's mission to include regional leadership and expertise in volunteerism and nonprofit management. The center receives funding from Fairfax County as its sole local government source. In addition to the annual contribution of \$282,247, Fairfax County provides in-kind office space to the center at 10530 Page Avenue, the value of which is estimated to be \$44,000.

The Northern Virginia Regional Park Authority (NVRPA) is a multi-jurisdictional, special-purpose agency established to provide a system of regional parks for the Northern Virginia area. The NVRPA currently operates 19 regional parks and owns 10,256 acres of land, of which more than 7,700 acres are in Fairfax County. Parklands within the system include: Bull Run, Bull Run Marina, Fountainhead, Sandy Run, Pohick Bay, Carlyle House Historic Park, Potomac Overlook, Upton Hill, Algonkian, Red Rock, the W&OD Trail, Occoquan, Hemlock Overlook, Cameron Run, Gateway, Meadowlark Gardens, Ball's Bluff, Temple Hall and Brambleton. In addition, the NVRPA administers extensive regional historic and conservation properties throughout Northern Virginia. These community resources are supported primarily from the annual contributions of its six member jurisdictions: the counties of Fairfax, Loudoun and Arlington, and the cities of Fairfax, Alexandria and Falls Church. Each member jurisdiction's contribution is in direct proportion to its share of the region's population. In the past decade, the entire population served by the NVRPA grew to 1.5 million residents and is expected to approach 2.0 million by 2020.

Current projections indicate that \$4,126,861 will be expended from the NVRPA's General Fund and \$9,859,284 will be expended from the NVRPA's Enterprise Fund for a total of \$13,986,145. The NVRPA is asking member jurisdictions for \$3,014,044, which is an increase of \$197,180 or 7.0 percent over the

Fund 119 Contributory Fund

FY 2005 amount of \$2,816,864. This is based on increasing costs as well as declining user fee revenue in various categories such as golf fees. Fairfax County's share for the Northern Virginia Regional Park Authority in FY 2006 is \$1,918,739, which is \$111,721 or 6.2 percent over the *FY 2005 Revised Budget Plan* of \$1,807,018.

Fairfax County comprises 63.66 percent of the total population served by this agency projected for FY 2006, which is a slight decrease from the 64.15 percent figure for the FY 2005 budget. Localities' contributions are based upon their percentage of the total population as provided by the U.S. Bureau of the Census. It should be noted that in addition to the operating contribution, an amount of \$2,500,000 has been included in Fund 306, Northern Virginia Regional Park Authority, as the FY 2006 annual capital contribution.

The park's 18th Century living history family farm site authentically and realistically recreates the social, technological, environmental and cultural living conditions faced by Northern Virginians of ordinary means in 1771. For 31 years, it has offered a rare, hands-on learning experience about the basics of life, food, shelter and the environment during the Colonial period. Staff continues to enhance the "Colonial Day" handbook for Fairfax County and others studying colonial Virginia history. These materials are available free on the Farm's website and are used by teachers providing this program for their third and fourth grade classes. The Farm has received national recognition for its innovative educational programming, which reaches over 50,000 persons a year, including thousands of students in Fairfax County.

The FY 2006 level of support of \$31,500 is consistent with the *FY 2005 Revised Budget Plan*. This support provides a critical component in an operating budget generated primarily from weather-dependent, self-supporting programs and fundraising events. The contribution will help ensure continuation of Farm programs to Fairfax County residents – especially the Environmental Living Program, the Colonial Experience Program, the school visits to the 18th Century Farm Site, the horticultural and animal education programs, and the 18th Century Market Fairs, along with the special-focus monthly programs on the Farm site. The County's contribution represents 7.8 percent of the Farm's projected revenue of \$406,000 for FY 2006. Other revenue sources include program fees, pavilion rentals, membership dues, endowment income, contributions from the National Park Service and private donations.

Town of Vienna Teen Center	\$40,000	\$40,000	\$40,000	\$40,000	\$40,000

The Vienna Teen Center is operated by the Town of Vienna Parks and Recreation Department. The Center, known as Club Phoenix, provides local teenagers with positive, supervised recreational and educational programs and activities. Contributions made by the County assist the Town of Vienna in the operation and improvement of the Center. The contributions supplement expenses for staffing the Teen Center, programming, and the purchase of materials and supplies.

The Board of Supervisors first approved \$40,000 in funding for the Teen Center in FY 2001. The amount included \$20,000 to supplement operational expenses at the Center including the purchase of capital equipment and \$20,000 for the expansion of teen programs, activities and special events and staff required for planning, implementing and supervising the expanded operations. The FY 2006 contribution of \$40,000 represents 20.4 percent of the Center's projected expenditure and revenue requirements of \$196,155 and is consistent with the *FY 2005 Revised Budget Plan*. It should be noted that the Teen Center was also awarded an annual grant from the Consolidated Community Funding Pool of \$20,000 for FY 2005 - FY 2006.

Virginia Opera Company	\$25,000	\$25,000	\$25,000	\$25,000	\$25,000

The Virginia Opera Company fosters appreciation of the arts through a variety of educational programs offered to schoolchildren. It has grown in recent years to become the fourteenth largest opera in the nation, due in large part to its operations in Fairfax County.

In the current 2004-2005 season, Virginia Opera Company will present four fully staged operas at the George Mason University Center for the Arts. It anticipates continuing that level for FY 2006. Furthermore, the Virginia Opera's education program provides County students with access to age-appropriate opera presentations at their schools. In FY 2004, 66 performances were presented to public schools.

The Virginia Opera Company first received a County contribution of \$25,000 in FY 1999. The FY 2006 contribution for the Virginia Opera Company continues that level of funding, which is also consistent with the *FY 2005 Revised Budget Plan*. The contribution represents approximately 2.8 percent of the Opera Company's projected revenue of \$901,661 for FY 2006.

This is a private/public partnership founded in 1968 between the Wolf Trap Foundation and the National Park Service for the operation of the Wolf Trap Farm Park for the Performing Arts in Vienna, Virginia. The partnership was founded through a gift of land to the United States Government. The National Park Service maintains the property and conducts parking and audience management.

The Foundation, with a \$23.5 million budget, is responsible for all other aspects of running the facility, including the presentation of a wide variety of performances and education programs. Foundation programs reach approximately 500,000 people in Fairfax County each year at two sites: the Filene Center, a 7,000-seat outdoor amphitheater in a park-like setting, and the Barns of Wolf Trap, two 18th Century barns reconstructed at Wolf Trap using original building materials and techniques.

Fund 119 Contributory Fund

Starting in FY 1999, Fairfax County contributed \$25,000 to Wolf Trap to support the Foundation's efforts to provide Fairfax County citizens with access to the best possible performing arts as well as position Fairfax County nationally as a leader in the arts and arts-in-education. The amount is not based on a formula, per capita, or any other formal agreement. As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved an increase in the annual contribution from \$25,000 to \$125,000 to support education programs. The FY 2006 contribution remains at \$125,000.

Celebrate Fairfax, Incorporated was formed to develop educational or entertainment products, services, and events that promote a sense of community among those who live or work in Fairfax County and to coordinate the annual Fairfax Fair. This urban fair symbolizes unity among the civic, business and governmental sectors and demonstrates how public and private partnerships can work together to provide the best for the citizens of Fairfax County at a low cost. The Corporation also produces "Fairfax Fine ArtsFest," first introduced in 2003, as well as "Fall for Fairfax," Fairfax County's annual environmental festival sponsored by the Fairfax County Board of Supervisors.

An amount of \$27,099 is funded for FY 2006 to be used for clean-up costs associated with the Fairfax Fair pursuant to the Memorandum of Agreement between the County Board of Supervisors and Celebrate Fairfax, Inc. This amount represents an increase of \$801 or 3.0 percent over the *FY 2005 Revised Budget Plan* of \$26,298 and is attributable to increased costs associated with the collection and disposal of waste tonnage collected at the Fairfax Fair. It should be noted that Celebrate Fairfax, Inc. also receives a high level of community and corporate support, both financial and in-kind. It is anticipated that the Corporation will also continue to receive significant in-kind support from various County agencies in FY 2006 to support the Fair.

Northern Virginia Community College	\$99,074	\$97,332	\$97,332	\$95,894	\$95,894

Northern Virginia Community College (NVCC) is a comprehensive institution of higher education offering programs of instruction generally extending not more than two years beyond the high school level. The College currently has five campuses (Alexandria, Annandale, Loudoun, Manassas and Woodbridge) with permanent facilities constructed on each site. Each year, the College serves more than 60,000 students in credit-earning courses and 25,000 students in non-credit (continuing education) activities.

NVCC projects FY 2006 expenditures of \$230,303 for base operating requirements to be funded with \$187,429 from local jurisdictions and \$42,874 carried over from FY 2004. This amount includes \$192,929 for General Administration (President's Office, College Board travel and memberships, student scholarships, loans, and grants), \$22,374 for Community Services (community information), and \$15,000 for a contingency reserve. The base, which is funded by the governing bodies of the local jurisdictions served by the College and any fund balances, supports additional services that cannot be provided under the College's annual state fiscal appropriations. For example, local funding provides for increased matching loan funds and support of community service activities. This local funding is for Operating Expenses only and is not applied toward Personnel Services. The local jurisdictions served by the College are requested to contribute their share of the College's base expenditure, which is calculated on a per capita basis as reported by the College using population figures from the Weldon Cooper Center for Public Service.

The FY 2006 Fairfax County contribution to this agency for operations and maintenance is \$95,894, a decrease of \$1,438 or 1.5 percent, due primarily to shifts in population among the contributing jurisdictions. This amount reflects the County's share of the services provided to Fairfax County residents as reported by the College and is 51.2 percent of the College's local maintenance and operating budget of \$187,429 for FY 2006.

In addition, County funding of \$1,012,100 will be included in Fund 303, County Construction, for an annual capital contribution to the College as part of the final year of a three-year program to phase in the per capita contribution for capital improvements to \$1 per capita based on a population figure provided by the Weldon Cooper Center. Funding provides for the continued construction and maintenance of various capital projects on college campuses within the NVCC system.

During their deliberations on the FY 2001 Advertised Budget Plan, the Board of Supervisors funded a non-recurring (one-time) amount of \$209,076 for the Northern Virginia Conservation Trust Partnership (NVCT) (formerly the Fairfax Land Preservation Trust). An amount of \$170,000 was funded to enable the County to further its conservation efforts and meet public need without creating new County positions. This amount included \$80,000 for land costs/purchases directly related to conservation easements, \$45,000 for public outreach funding to support staff and material for educating the public about conservation, and \$45,000 for administrative support for staff and materials for the management of Fairfax County conservation efforts. It was anticipated that the contribution amount would be partially matched by approximately \$75,000 in other contributions to the Trust in FY 2001. The County's total contribution also included \$39,076 that was paid to the Park Authority to eliminate the balance of a loan obligation associated with seed money for the Trust and office space provided by the Park Authority.

In FY 2002, Fairfax County entered into a three-year Memorandum of Understanding (MOU) with the NVCT. For that first year, the County's contribution was set at \$235,000 to be adjusted annually based on the CPI-U.

The Northern Virginia Soil and Water Conservation District (NVSWCD) is an independent subdivision of the Commonwealth of Virginia to provide leadership in the conservation and protection of Fairfax County's soil and water resources. It is governed by a five-member Board of Directors, three of whom are elected every four years by the voters of Fairfax County and two who are appointed by the Virginia Soil and Water Conservation Board. Technical assistance and information are provided to state and local government agencies as well as private citizens. The goal of the NVSWCD is to continue to improve the quality of the environment and general welfare of the citizens of Fairfax County by providing them with a means of dealing with soil, water conservation and related natural resource problems. It provides County agencies with comprehensive environmental evaluations for proposed land use changes with particular attention to the properties of soils, erosion potential, drainage and the impact on the surrounding environment.

In FY 2001, Fairfax County entered into a partnership with the NVSWCD to support the cost of soil mapping the southeastern portion of the County. Under the agreement, the U.S. Department of Agriculture's Natural Resource Conservation Service (NRCS) provides a survey team. Fairfax County's portion of the annual cost of the Soil Survey Project is \$195,000 annually; however, a delay in finalizing the agreement with the NRCS resulted in the carryover of \$160,000 of the soils mapping project funds into FY 2002. The drawdown of the County's allocation began in FY 2003. It is anticipated that \$200,489 will have been spent by the end of FY 2005, with \$7,240 to be carried over to FY 2006, requiring an FY 2006 allocation of \$175,055, an increase of \$100,375 over the FY 2005 amount.

NVSWCD projects FY 2005 expenditures of \$481,427 for its base operating requirements. The FY 2006 County share for base operating requirements is \$349,493. With the \$175,055 for the Soils Survey Project described above, the FY 2006 County contribution totals \$524,548 or 79.0 percent of the agency's expenditures totaling \$663,722. This represents an overall increase of \$127,102 or 32.0 percent over the *FY 2005 Revised Budget Plan*. Other revenue sources include the state, NVSWCD, grants, interest, and other miscellaneous revenues, as well as a beginning balance of \$71,163.

The Occoquan Watershed Monitoring Program (OWMP) and the Occoquan Watershed Monitoring Laboratory (OWML) were established to ensure that water quality is monitored and protected in the Occoquan Watershed. The cost of the OWMP is equally divided between water supply and sewage users. As a result, 50 percent of Operating Expenses is supported by the Fairfax County Water Authority and 50 percent by the participants: Fairfax, Fauquier, Loudoun and Prince William counties, and the cities of Manassas and Manassas Park. The Watershed Monitoring Program Funding Agreement of 1988 requires that Fairfax County provide 12.5 percent of the direct costs.

Given the many diverse uses of the land and water resources in the Occoquan Watershed (agriculture, silviculture, urban residential development, commercial and industrial activity, water supply, and wastewater disposal), the OWMP provides a critical role as the unbiased interpreter of basin water quality information. This organization's water quality database greatly contributed to the work of the 2001-2003 New Millennium Occoquan Task Force appointed by the Fairfax County Board of Supervisors.

The total amount included for Fairfax County's FY 2006 share is \$100,108 based upon agency expenditures. This represents an increase of \$4,458 or 4.7 percent over the *FY 2005 Revised Budget Plan* of \$95,650. In addition, it should be noted that with the waiver of the agency's budgeted indirect costs by Virginia Tech, the Fairfax County contribution represents 10.25 percent of the agency's total budget.

The Southeast Fairfax Development Corporation (SFDC) is a private, nonprofit organization that operates under a Memorandum of Understanding between the Fairfax County Board of Supervisors and the SFDC. The Corporation promotes, encourages, facilitates and guides economic development and revitalization on the 7.5 mile length of Richmond Highway from the Capital Beltway to Fort Belvoir, the largest of the County's seven designated revitalization areas. It provides marketing and promotion aimed at business attraction and retention; direct assistance to developers and businesses; and to a lesser degree, land use planning and coordination with the Richmond Highway community. It is this community consensus that makes revitalization/redevelopment possible. SFDC is committed to improving the quality of life, creation and retention of jobs, community appearance, and increased tax base. Its 18-member volunteer Board of Directors is representative of the community.

Total private investment in Richmond Highway since 1990 is estimated at over \$815 million. SFDC continues to foster growth in existing businesses, while simultaneously promoting the physical renovation of the area through initiatives involving beautification, developmental planning, and ongoing market studies and needs assessments. The total FY 2006 Fairfax County contribution for SFDC is \$184,641, which represents an increase of \$42,391 or 29.8 percent *FY 2005 Revised Budget Plan*. This funding supports essential vitalization efforts critical to the economic stability of the Route One Corridor. Decreases in other funding sources have made it necessary to increase the County's contribution in order to maintain a viable program in this area.

Since FY 1978, the Board of Supervisors has contributed to this center in order to provide free or sliding-fee scale services to Fairfax County female residents who are unemployed, separated, abandoned or divorced, and the head of a household. Services include individual and group workshop sessions for women covering such areas as divorce, separation, financial planning and legal rights. It is anticipated that in FY 2006, 71 percent of requests for service will come from Fairfax County residents.

In FY 2006, the Center anticipates receiving approximately 60,000 requests for services from County residents to meet the interrelated psychological, practical, legal and financial needs of these County residents, many of whom are financially disadvantaged and require low-cost services. Access to these services enables community members to become self-sufficient.

As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved funding of \$31,442 to provide a contribution to the Washington Area Housing Trust Fund (WAHTF). The general membership of the Council of Governments (COG) recommended that local governments support a voluntary per capita assessment of \$0.03 to fund WAHTF operations. Capital support is provided through the federal government and private sector grants. WAHTF has raised \$1.9 million in capitalization funds for locally supported affordable housing deals in the region and recently made a loan of \$150,000 to help a nonprofit organization purchase and renovate 102 units of severely distressed Section 8 housing in Reston. Operational funding provided by area local governments will be leveraged to attract capitalization dollars. It also allows the trust fund to loan money at a highly subsidized rate, which helps to lower the cost of housing in this region.

WAHTF has the following goals: 1) increase and preserve the Washington region's supply of affordable homes by providing loans, grants and equity investments to locally supported affordable housing developments; 2) increase the visibility of affordable housing by engaging new corporate champions; 3) educate the region about affordable housing needs and opportunities; and 4) encourage balanced growth by placing priority on increasing and preserving the supply of affordable housing near job and transportation centers.

In FY 2006, Fairfax County's share for the WAHTF is \$31,665 or 14.8 percent of total operating expenses. This is an increase of \$223 or 0.7 percent over the *FY 2005 Revised Budget Plan*.

Approximately 75 percent of the calls received are from Fairfax County residents. The WRL is entirely run by volunteers and has no paid staff.

The WRL operates a hotline in Northern Virginia and surrounding areas to assist the public in obtaining information and help in locating a wildlife rehabilitator. They also educate the public about the natural history of native wildlife and how to coexist with it, as well as how to prevent the need for wildlife rehabilitation.

As part of the *FY 2004 Carryover Review*, the Board of Supervisors first approved funding of \$10,000 for this organization. The FY 2006 contribution remains at that level.

The mission of the Fairfax Public Law Library is to promote justice by providing all citizens with access to legal information. The legal resources available in the Law Library are not available to the public at any other single location within the County. In 2001, Fairfax County, the Clerk of the Court, and the Fairfax Bar Association (FBA) entered into an agreement with regard to the Law Library. The agreement provides that Fairfax County, through the Fairfax County Public Library (FCPL), shall have primary responsibility for the administration of the Law Library, while the FBA has primary responsibility for its management.

The Law Library receives over 70 percent of its funding from assessments of \$4 on civil case filings in the General District and Circuit Courts. This is projected at \$220,000 in FY 2006. The annual contribution of \$57,657 from the County is provided to assist the Law Library with operational costs. Other revenue includes \$10,000 from the Fairfax Bar Foundation, \$900 from the Friends of the Law Library, \$19,700 earned for Library services including copier charges, and \$2,650 in miscellaneous income for a total of \$310,907.

Located in the Fairfax County Judicial Center, the Fairfax Public Law Library assists the public as well as members of the legal community with locating sources for legal information and provides bibliographic instruction. In addition to the collection, the Law Library has four work stations dedicated to providing general information on divorce, immigration, estate planning and employment for patrons, as well as five computer work stations where the public may access legal materials on CD-ROMs and online databases. In recent years, the Law Library has decreased its printed materials and increased subscriptions to online databases, partially as a result of decreased filing fees. In addition, it will be necessary to reduce staffing from 5/4.0 SYE positions in the FY 2005 Adopted Budget Plan to 5/3.3 SYE in FY 2006 due to declining revenue associated with civil filing fees. It should be noted that Law Library staff are not County employees but are employed under a contract with the Fairfax Bar Association.

The Fairfax Public Law Library anticipates that it will serve approximately 65,000 patrons in FY 2006, more than half of whom are not attorneys. Many are in need of legal information because they are unable to afford legal representation but do not qualify for free legal services. The remaining patrons include prosecutors, public defenders, judges, lawyers and other members of the legal profession.

The total FY 2006 Fairfax County funding for this agency is \$57,657, which is consistent with the FY 2005 Revised Budget Plan.

Non-Appropriated Funds

Fairfax County exercises a fiduciary responsibility for the financial management and operation of the Northern Virginia Regional Identification System (NOVARIS). Therefore, this fund is displayed here for information. Participating Washington Metropolitan Area jurisdictions share costs associated with NOVARIS based on the sworn police population of each jurisdiction as approved by the NOVARIS Advisory Board on July 30, 1997.

The Fairfax County contribution is made through the Contributory Fund. The total Fairfax County FY 2006 contribution is \$401,328. The total contribution consists of \$256,497, which represents the County's annual share of costs associated with operations and upgrades of NOVARIS and \$144,831 in funding for lease agreements and other costs associated with equipment that is specific to Fairfax County operations. See the NOVARIS Fund Statement on the next page.
